

# Sponsorship & Donation Opportunities

Youth Driven Educational Summit • July 29 - 31, 2025

Youth Driven is a traffic safety and leadership program that is led by the Rhode Island Student Assistance Services (RISAS) and supported by the Rhode Island Department of Transportation (RIDOT), Office on Highway Safety. The mission of Youth Driven is to provide Rhode Island youth and their adult advisors with the motivation, information, skills and support necessary to organize events and activities that support traffic safety efforts within their communities. **Safety campaigns targeting distracted driving, impaired driving, and speeding, as well as, alcohol and drug free prevention strategies.**

Youth Driven is a year round high school program. It begins with an educational summit scheduled for July 29-30 at Bryant University. Over the course of the three day summit high school students from across Rhode Island will learn components of traffic safety with a focus on substance misuse prevention strategies and safe decision making skills. Students will have the opportunity to develop their innate leadership skills to keep themselves, their schools and their communities safe and strong. School and community teams will create action plans to take back to their schools and communities to implement over the course of the school year. Preliminary plans are underway with Bryant University and with your support we can make this the greatest year yet.

**This summit is FREE to all who attend and your donation towards our educational summit will fund presenter fees, busing for students to attend as well as promotional items for youth including water bottles and t-shirts as reminders of the program's message.** With your help we can educate and empower students to lead by example and create safer roads for all.

**Below you will find our different sponsorship levels and we welcome other ideas from supporters/sponsors. Thank you for your support!**

For more information please contact: **Rebecca B. White** | Program Coordinator - Youth Driven
